Re: PREPARATION GUIDELINES FOR THE CONTROL OF CRAWLING INSECTS #3

Advanced Pest Control will be servicing your premises for the control of crawling insects on _____. Please make arrangements to vacate the premises by _____, until_____.

The following preparations will be necessary **PRIOR TO PEST CONTROL TREATMENT:**

Kitchen: Remove all food items, dishes and utensils from counter tops and place in cupboards, fridge or stove.

Bathroom: Remove all items from on top of vanity and place inside vanity or in the bathtub.

Fish Tanks: Make sure all pumps are shut off and seal all openings of the tank with plastic or towel.

General: Inform technician where insects have been sighted. Prepare all rooms by moving all furniture 1-2 feet away from the walls. All clothes, toys and other miscellaneous items on the floor must be picked up and placed on the beds or sofas.

Occupants and Pets: Must vacate the premises for a period of 2 hours from the time treatment commences.

Important: Where pregnancies, allergies, illnesses or other unusual circumstances prevail, occupants may be required to remain out of the premises for a longer period of time.

Chemical to be used	- TempoWP20	at	.05%.	P.C.P. # 25673
	- Dragnet FT	at	.05%	P.C.P. # 24175

If you have any concerns regarding your health, contact your personal physician.

Re-entry: Please ensure that all vanity and counter tops, cutting boards, fridge and stove tops are thoroughly washed with soap and water prior to placing any items back on them. Do not vacuum or wash floors 6" from all walls for 30 days if at all possible.
